The National Expansion Plan of NIC's initiative is aimed at encouraging innovation and entrepreneurship within the local communities of Pakistan. The main driver behind the growth of Pakistan startup ecosystem is the ambition and global vision of entrepreneurs.

This venture of incubation is going to be driven by explicit goals, executed by policies, protocols, and practices, and made adaptable by monitoring and researching on our best understanding of the interactions and processes necessary to sustain ecosystem structures and functions of tech entrepreneurship.

In collaboration with Private/Public sector universities we will be opening 3 incubation centers across AJK (preferable locations: Muzaffarabad, Gilgit, Hunza & Mirpur). We are looking for highly competent individuals who are willing to be a part of the national incubation team and support the startup ecosystem of Pakistan

If you fit the criteria you can apply with the following steps.
