To,

Dr. Bashir-Ur-Rehman  
Dean Faculty of Health & Sciences  
University of Azad Jammu & Kashmir Muzaffarabad

Sub: Transformation of Mass Vaccination Center into Mega Vaccination Center  
in University of Azad Jammu & Kashmir Muzaffarabad

With reference to the subject cited above EPI Programme AJK is highly thankful to the management of University of Azad Jammu & Kashmir for provision of prefab four rooms for the establishment of Mass Vaccination Center in UAJK. Your cooperation during this pandemic situation is highly appreciateable.

As per National policy and direction of NCOC, we intend to transform present Mass Vaccination center by adding 10 new counters for vaccination and other support. In this regard all essential items/arrangement have been made.

There is a need to create more space for this purpose. You are requested to remove the central walls temporarily to create more space. Please ask your works department to carry out the above work enabling us to arrange the facilities for Mega Vaccination Center. It is further added that honorable VC had committed more support in terms of furniture, construction of Washrooms etc. it is requested you to remind him to fulfill his commitment.

Your cooperation in this matter will be highly appreciated.

Best Regards!

  
Provincial Program Manager  
ERI-AJK Muzaffarabad
